Main axes

PARIS D'AVENIR

an international event

Why ?

Scouting and guiding with 38 millions members are together, the first youth organization in the world. Paris d'Avenir will gather French rovers and rovers from all over the world to share and enrich their practices.

how ?

- Contingents from Europe and countries from South
- Projects in international teams
- International comitee

Youth participation

Why ?

Scouting and guiding allows young people to become committed, independent, and passionate citizens, thanks to democracy and participation in the decision making process. Paris d'Avenir is trying out new practices to make young people take part in the organization of the event.

how ?

- Two AGORAS gathering representatives of Rovers to prepare and participate to decision.
- Young people who have a role to play in the organization

Living in a sustainable way

Why ?

To follow up the United Nations Decade of Education for Sustainable Development, Paris d'Avenir will be an eco-responsible event with a strong social impact, a low environmental impact and a meaningful economic impact.

how ?

- Education to sustainable development
- Environmental evaluation of the event
- Mobility via trains and public transports
- Ethical and responsible consumption and feeding
